

Did you know...?

Columbus Speech & Hearing Center has a Preschool Program

We currently have openings in our
Preschool Program (LELP) for children
with speech and language delays.

The Language & Early Learning Program (LELP):

- Is designed to foster development of articulation, language, and social communication skills
- Is taught by a Speech Language Pathologist and Early Intervention Specialist.
- Is accredited by the National Association for the Education of Young Children (NAEYC) and has achieved a 3-Star quality rating (highest possible) by the State of Ohio
- Does not require that a child qualify for services through their school district
- Incorporates Ohio Early Learning Content Standards into the curriculum
- Morning and Afternoon sessions are available
