

Director of Audiology

Job Summary:

To provide leadership and management of the day-to-day clinical and administrative operations of the Center. Provides direct clinical care and supervision of Audiologists in the delivery of quality clinical services.

Specific Job-Related Duties:

- Function as a leader for day-to-day clinical and administrative operations with direct accountability to the Center CEO.
- Works with the CEO to identify, develop, and implement long range goals for the Center and to ensure the growth of the Center's services.
- Provides direct clinical supervision of Audiologists engaged in patient care services to ensure standards of practice are met.
- Manages daily productivity standards and monitors clinician and section productivity in relation to targeted efficiency.
- Responsible for the hiring, evaluation, and professional development of staff.
- Develops, maintains, and interprets departmental policies and procedures.
- Establishes, implements, and reviews section objectives, in conjunction with the Center priorities and goals.
- Provides specialized patient care in the area of Audiology, employing techniques consistent with age specific concerns for the following age groups: pediatric, adolescent, adult, and geriatric.
- Acts as liaison with other departments and outside agencies including physicians, community organizations, and government agencies.
- Identifies appropriate internal controls and quality measures; provides mechanisms to monitor and enforce compliance.

Education, Experience and Special Attributes:

- Clinical doctorate degree in Audiology. Licensure in Audiology issued by Ohio Speech & Hearing Professionals Board.
- 5 to 10 years clinical experience in delivery of audiology services.
- 3 to 5 years supervisory or management experience.
- Must be an individual who has shown outstanding capabilities as a leader and organizer; an ability to work well with people at all levels; high level of proficiency in oral and written communications.
